

TH 22

Probe Head Holder

Short description

The TH 22 probe head holder can hold oscilloscope probe heads. It allows for a safe contacting of the oscilloscope probe tip to the test IC. Magnets, that allow for adhesion and fixation on the GND 25 ground plane, are embedded into the bottom of the TH 22.

Technical parameters

Max probe head diameter	Ø 4.1 mm
Weight	83 g
Sizes (L x W x H)	(70 x 35 x 26) mm

Application with TH 22
